Report of the House Appropriations Subcommittee on Higher Education

House Bill 29 & House Bill 30

February 16, 2020
REPORT OF THE SUBCOMMITTEE 
on 
HIGHER EDUCATION

Mr. Chairman and Members of the Committee:

Mr. Chairman, Winston Churchill once said,

“\textit{If you have an important point to make, don't try to be subtle or clever. Use a pile driver. Hit the point once. Then come back and hit it again. Then hit it a third time - a tremendous whack.}”

Clearly, the Subcommittee’s recommendations today are that tremendous whack at our continued “point” that higher education needs to be more affordable for Virginia students and their families.

You will recall Mr. Chairman, last session we were able to provide sufficient resources to allow our colleges to not increase in-state undergraduate tuition and fees for the first time in almost 20 years. Building on the significant investment and momentum, the Subcommittee recommends $111.8 million over the biennium to fully fund each institution’s six-year plan while continuing to allow colleges to keep tuition at the FY 2020 levels into FY 2021. When you combine these funds with the other recommended increased funding for general operating support and financial aid, totaling more than $100 million over the biennium, this is an affordability sequel that Virginia families will truly enjoy.

Mr. Chairman, I would point out that like last year this is not mandatory. Essentially each institution’s Board of Visitors can choose to decline the new general fund and raise the cost of in-state tuition. If that is their choice, we ask that their Rector provide a copy of the Board
Resolution to the Chairman explaining that choice. The foregone moderation funds would be proportionally distributed to the schools that choose affordability.

As previously noted, Mr. Chairman, the Subcommittee also recommends $45.4 million in additional undergraduate financial aid, $22.0 million each in increased operating support for Old Dominion and George Mason Universities, and $8.0 million for additional operating support at the VCCS.

The Subcommittee also recommends $8 million for Radford to allow for the reduction of tuition costs at the Carilion Campus.

Mr. Chairman, in keeping with the overall theme of accessible affordability, the Subcommittee recommends $69 million to implement an innovative financial assistance program at our two-year colleges that we believe will improve our workforce training pipeline. These funds will provide “last dollar” financial aid to eligible students to pay for tuition, fees and books in five program areas: technology, health care, public safety, early childhood education, and manufacturing and skilled trades. Our recommendations also provide $2 million for the VCCS for outreach efforts related to the program.

Finally, Mr. Chairman, the Subcommittee would like to thank you and Delegate Tyler for your leadership and support in providing for a compensation package in both years of the biennium.

Mr. Chairman, details of our Subcommittee recommendations are attached. Committee staff will review our report and the attached listing of our recommendations in greater detail and I hope that it will be the pleasure of the Committee to adopt them.
Respectfully Submitted by the House Appropriations Subcommittee on Higher Education:

Betsy B. Carr, Chair
